### Ministry of Economy (ME) Kosovo Digital Economy (KODE) Project

#### **RE-ADVERTISING: REQUEST FOR EXPRESSIONS OF INTEREST (REOI)** **(CONSULTING SERVICES – INDIVIDUAL CONSULTANT)**

#### **FOR:**

#### **SENIOR INFRASTRUCTURE ENGINEER FOR KOSOVO RESEARCH AND EDUCATION NETWORK (KREN).**

**Country:** Kosovo

**Project:** Kosovo Digital Economy (KODE)

**Assignment Title:** Senior Infrastructure Engineer for KREN

**Ref. No.** KODE/IC/2.2.4.1a/2022

**Project ID.** P164188

**Loan No.:** 6285-XK

**Issued on:** June 22, 2022

#### **INTRODUCTION**

The Government of Kosovo has secured support from the International Development Association (IDA) (hereinafter ‘the Bank’) for a Kosovo Digital Economy (KODE) Project. The KODE Project aims to improve access to better quality and high-speed broadband services in project areas and to online knowledge sources, services and labor markets among citizens, and public and academic institutions.

It is foreseen that **the Project will achieve its development objective through two main sets of activities:** (1) expanding access of Kosovars to high-speed and better quality digital infrastructure; and (2) support Kosovars to take advantage of regional and global Digital Economy (DE) opportunities, especially for income generation, usage of services, and learning, thus triggering the growth of a DE in Kosovo.

**The Project is structured along three components:** Digital Inclusion, Digital Work and Empowerment, and Project Implementation Support. Two substance components of the Project are outlined below.

**Component 1: Digital Inclusion** component will support digital inclusion through: (a) the expansion of digital connectivity through the co-financing of deployment of high-speed broadband

connectivity in areas that have been identified as not connected or underserved, and (b) improving of the enabling environment for wireless broadband services, through the deployment of the National Spectrum Monitoring System (NSMS).

**Component 2: Digital Work and Empowerment** will support the Youth Online and Upward (YOU) Program and increased access to knowledge, information and online services through subcomponents:

#### 2.1 Youth Online and Upward (YOU) Program

Provision of training for young people and their connection to online working opportunities. The activities will primarily cater to unemployed or underemployed young men and women with at least some knowledge of English and university education to increase their ability to compete in relevant segments of online work using computers and smartphones.

#### 2.2 Increasing Access to Knowledge, Information, and Services

Provision of support to (i) set up a *Kosovo Research and Education Network (KREN)* to improve access of students, researches and educators of *Higher Education Institutions (HEIs)* in Kosovo to knowledge, research networks and (ii) connect KREN to the GEANT network.

**The present Terms of Reference concern to the subcomponent 2.2 of the Project - Increasing Access to Knowledge, Information, and Services. More specifically, to the management of KREN network infrastructure.**

### OBJECTIVE OF THE ASSIGNMENT

The KODE/ME intends to hire a **Senior Infrastructure Manager** who will be responsible for managing and monitoring network operations in line with the KREN mission and goals. The accomplishment of these activities shall be done in coordination with the Digital Work and Empowerment Coordinator of the Component 2 in a timely, effective, efficient, and results-oriented manner.

Detailed TOR can be found in the following address: <https://kodeproject.org/en/other-procurement-notice/>

### SCOPE OF WORK

KREN **Senior Infrastructure Engineer** will participate in all activities related to the KREN private network infrastructure with focus the first and second KREN's goals - planning, configuring, managing, supporting and optimizing all new and existing network, hardware, software, connections and communication links and services.

### REQUIRED QUALIFICATIONS
